FAQ

Productivity Solutions Grant (PSG)

The Productivity Solutions Grant (PSG) was launched on April 2018 to help businesses enhance their processes with technology.

It provides financial support for business owners to adopt pre-scoped IT solutions, equipment and consultancy services to improve productivity. These solutions are aligned to the industry roadmaps such as the Industry Transformation Maps (ITMs) and Industry Digital Plans (IDPs).

PSG eligibility

Who can apply?

How to apply and submit PSG claims?

Note:

- From 1 April 2023 onwards, the maximum support level is up to 50% for all sectors. For more details, please refer to the [FAQ](#) for more

details.

- This listing is not to be taken as a form of endorsement or recommendation by the participating government agencies. Companies are reminded to carry out due diligence when engaging vendors, and not to share the Corppass with their vendors to carry out submission of any grant application or claims

Types of PSG solutions

Sector-specific solutions

Sector-specific solutions are eligible for companies within the respective sectors only. These solutions are specially curated by sector lead agencies, aligned to industry roadmaps such as the Industry Transformation Maps (ITMs) and Industry Digital Plans (IDPs).

Generic solutions

Generic solutions are for all companies, across business sectors and industries. Solutions are intended to improve companies' productivity in managing general business functions and processes.
