T-UP PROGRAMME

**Innovate
and Uncover**
New Product Ideas

SHARE

Do you want to expand your business technical capabilities or launch a new product? T-Up programme seconds A*STAR scientists and research engineers to aid in local SMEs' Research and Development projects for up to two years. Seconded experts share product development strategy, aid innovation in your business processes, and assist companies to develop innovative products. Eligible SMEs can apply for up to 70% grant from Enterprise Singapore to offset qualifying cost.

T-UP EXCELLENCE AWARDS

ABOUT T-UP EXCELLENCE AWARDS

Held in conjunction with the annual SME Day Event, the Award is open to T-Up research scientists and engineers (RSEs)

who have completed their secondment to local enterprises. Every year, a maximum of three winners will receive cash prizes and publicity efforts alongside the companies they were seconded to.
