About Career Conversion Programmes (CCP)

Career Conversion Programmes (CCP) are career conversion programmes targeted at Professionals, Managers, Executives and Technicians (PMETs), including mid-career switchers, to undergo skills conversion and move into new occupations or sectors that have good prospects and opportunities for progression.

These programs provide targeted training in relevant IT courses in Singapore, such as coding and software development, to equip participants with the necessary skills and knowledge to thrive in the fast-paced digital economy. This makes it an ideal option for those looking to start a tech career, media career, or digital career.

Who can apply?

- Professionals, Managers, Executives and Technicians (PMETs)

- Employers of ICT professionals

Benefits

- Facilitate recruitment of career switchers to meet employers' manpower needs

- Tap on Government funding through Course Fee grant and Salary Support/ Training Allowance

- Leverage structured industry-recognised training

- Minimise redundancies and reskill experienced employees to take on new job roles

Contact
